

**The Navajo Nation**  
**REQUEST FOR PROPOSALS (RFP)**  
**BID NO. 22-01-2700LE**  
**Indoor Air Quality and HVAC Assessment**  
**DUE: February 10, 2022**

The Navajo Nation is interested in procuring services from qualified firms/organizations to conduct a thorough Indoor Air Quality Assessment and HVAC Efficiency survey. "Request for Proposal" information packets will be available beginning January 24, 2022 to any interested firm via email. Sealed "BIDS" shall be delivered via Expedited Services to the Navajo Nation – Division of General Services, Administration Building No. 1, Second Floor, 2559 Indian Route 100, Window Rock, AZ, no later than 4:00 PM MST on February 10, 2022. Any "Bids" received after the date and time specified will not be accepted. No faxed or emailed "Bids" will be accepted. All "Bid Packets" will become the property of the Navajo Nation.

The "BIDS" will be used to select those qualified firms and schedule interviews based on those submitted proposals from Indoor Air Quality and HVAC Contractors. The Navajo Nation will then determine "virtual" interviews. For more information, please contact Shawnevan Dale, Risk Manager at (928) 871-6335 or [sdale@navajonsn.gov](mailto:sdale@navajonsn.gov).

The Navajo Nation reserves the right to withdraw the invitation at any time and wave formalities in the bidding process; while pre-qualification information may be used in negotiation, selection will not be based exclusively on pre-qualification scoring.
