- K. PROPRIETARY INFORMATION:** Any restriction on the use of data contained within any proposals must be clearly stated in the proposal itself. Proprietary information submitted in response to this RFP will be handled in accordance with applicable purchasing procedures. Each and every page of the proprietary material must be labeled or identified with the word "proprietary".
- L. RESPONSE MATERIAL OWNERSHIP:** All material submitted regarding this RFP shall become the property of the Navajo Nation and will not be returned to the bidder. Responses received will be retained in file and may be reviewed by any person after final selection has been made, subject to Paragraph K above. The Purchasing Section has the right to use any or all system ideas presented in reply to this RFP, subject to limitations outlined in paragraph K above. Disqualification or non-selection of a bidder or bid does not eliminate this right.
- M. INCURRING COSTS:** The Navajo Nation Purchasing Section is not liable for any cost incurred by the bidders prior to issuance of an agreement, contract and/or purchase order.
- N. ACCEPTANCE OF PROPOSAL CONTENT:** The contents of the proposal of the successful bidder will become contractual obligations if acquisition action ensues. Failure of the successful bidder to accept these obligations in a professional service contract, purchase order, delivery order or similar acquisition instrument may result in cancellation of the award and such bidder may be removed from future solicitations. The Navajo Nation Purchasing Section reserves the right to pursue appropriate legal action in the above set of circumstances.
- O. EVALUATION PROCEDURES AND CRITERIA:**
1. General Procedures:
 - a. An ad hoc committee will judge the merit proposals received in accordance with the criteria defined herein.
 - b. Failure of a bidder to provide any information requested in this RFP may result in disqualification of the proposal. All proposals must be endorsed with the signature of a responsible official having the authority to bind the offeror or to the execution of the proposal.
 - c. The sole objective of the ad hoc committee will be to select the bidder whose proposal is most responsive to the Navajo Nation Purchasing Section. The specifications within this RFP represent the

minimum performance necessary for response. On the basis of the evaluation criteria established in this RFP, the ad hoc committee will select and recommend the bidder who best meets this objective.

- d. Evaluation Criteria: The following criteria will be used by the ad hoc committee in the selecting process for contract award. The technical proposal factors will be rated on a scale of 5-100 with weight relations as stated below:

<u>Technical Proposal Factors:</u>	<u>Points:</u>
