

DR. BUU NYGREN *PRESIDENT*
RICHELLE MONTOYA *VICE PRESIDENT*

The Navajo Nation | Yideeskáądi Nitsáhákees

MEMORANDUM

TO: Branches, Divisions, Departments, and Programs
Navajo Nation

FROM: 
Sean McCabe, Controller
Navajo Nation Office of the Controller

DATE: April 22, 2026

SUBJECT: Online FMIS Training

The go-live date for the new Government Enterprise Resource Planning (ERP) 365 Dynamics, Financial and Supply Chain Management (F&SCM) platform has been extended to a tentative date of July 2026. Accordingly, the Office of the Controller (OOC) has reopened the User Productivity Kit (UPK) online training. Certification training in the Financial Management Information System (FMIS) also known as Oracle JD Edwards provides training on the following topics: Common Foundation, Inquiry, 6B Online Requisition, Document Log, and Travel Authorization.

All relevant personnel must complete the training within the established timeframe, with an emphasis on strengthening financial knowledge. The Office of the Controller (OOC) will remain focused on the new ERP and will provide additional guidance and resources as required.

The Navajo Nation Department of Personnel Management (DPM) will provide F&SCM Inquiry training guidance and OOC Purchasing Department will conduct procurement training using the train-the-trainer approach.

If you have any questions direct all inquiries to the FMIS Support Office via email oc.fmissupportteam@navajo-nsn.gov or rachel.williams@navajo-nsn.gov

Thank you.
